

INTRODUCTION

BioFert Tomato & Vegetable 3-1-4 is an organic and natural fertilizer specially formulated to improve quality and yield in tomatoes & all vegetable crops. It can be effectively used in all indoor and outdoor plants in different types of growing medium. It not only feeds the crop but also improves quality of growing medium due to enhanced microbial activity.

Nutrients	Value
Total Nitrogen (N)	3.00 %
Available Phosphoric Acid (P ₂ O ₅)	1.00 %
Soluble Potash (K ₂ O)	4.00 %
Sulphur (S)	2.00 %

SIZES

20 L: BF1897465
1000 L: BF1897462

DIRECTIONS FOR USE

Drip/ Drench: Apply 3-4 litres per 1000 sq. meters (12-16 litres/acre) as needed.

If used as standalone product, use 6-8 times per crop season.

As supplement use 2-3 times per season along with granular fertilizers.

BENEFITS:

- Fulfills high nutritional needs of vegetables during critical stages of growth
- Easy to use
- Allows frequent applications through drip and drench
